Complaint details

In this section you are asked to provide details of your complaint.

Before lodging a complaint, you are encouraged to try to resolve the grievance informally directly with the staff member, student or area concerned, unless there is a compelling reason to not do so. For example, you could contact the staff member concerned via email or directly face-to-face.

On the Student Complaint Form you should provide names of any staff or other students you have contacted about your complaint, how you have contacted them and relevant dates. You should also outline the response you received, the date of the response, and why you are not satisfied with the response. You may wish to attach copies of any email correspondence to this form.

If you have not tried to resolve your complaint informally please provide reasons for why you have been unable to do so or do not wish to do so.

In this section you are also asked to indicate what outcome you are seeking to your complaint. It will help for us to understand what action could AIHE take that would settle the matter in your view. If your complaint is found to be substantiated but the resolution you have indicated cannot be accommodated, alternative resolutions will be considered.
