Leave of Absence Guidelines

A student may apply for a Leave of Absence (LOA) at any time after enrolment and until the teaching period

census date. Once Leave of Absence has been approved, the student will be withdrawn from subjects in the study period affected by the leave and withdrawn from subjects in the subsequent study period. The normal rules for early withdrawal then apply, i.e. applications submitted prior to census date will not incur a fee liability.

Where an application has been submitted after the census date but before the last withdrawal date, Leave of Absence may be considered. If approved the student will be withdrawn from subjects in the study period affected by the leave but still incur a fee liability and withdrawn from subjects in the subsequent study period.

1. In order to be eligible to apply for a Leave of Absence, you must be currently enrolled in a course of study at AIHE.
2. It is your responsibility to investigate the consequences that taking a Leave of Absence might have with any external bodies (for example impact on Centrelink benefits).
3. You must obtain appropriate academic counselling before taking a Leave of Absence.
4. AIHE may authorise a Leave of Absence for a maximum period of twelve (12) months. Applications for a Leave of Absence longer than 12 months; or more than one application for a total continuous period of more than 12 months, may also be considered by AIHE. (Supporting evidence should be attached where appropriate).
5. Leave of Absences cannot be approved if you have outstanding work in the course you are seeking leave from (e.g. unfinished/unmarked assessments or deferred grades) or you have sanctions against your record. Exceptional circumstances will be considered on an individual basis.
6. The Head of School is entitled to specify appropriate conditions for subsequent re-enrolment. Such conditions may include the need to undertake a subject already studied.
7. If you do not abide with the conditions of your Leave of Absence, you may be withdrawn from your course. If this is the case then you shall lose all rights and privileges of a continuing student and may be required to re-apply for admission into the course.
8. If you are denied a Leave of Absence, or the period of leave requested, you have a right to appeal.
9. AIHE may refuse or revoke an approved Leave of Absence, should you provide any information that is false or misleading.

Other Notes

Applications for Leave of Absence can be accepted up to the census date of the relevant study period in which leave is being requested. Applications submitted after the census date, but before the last withdrawal date, may be considered for approval however the subjects will show as Withdrawn on the student's Academic Transcript and the student will be liable for all fees and charges for the subject/s.

In determining whether the request for leave should be supported/approved, the following issues need to be considered:

- The reason for the application.
- The student's assessed capacity to successfully resume studies and complete the course after the period of leave.
- Any past applications for leave and the potential duration that the student will have taken to complete the course (relevance of study for the granting of the award).
- The impact of the absence on the student's capacity to complete the course within ten (10) years.
- That appropriate academic counselling has occurred.
